ORNAMENT SET

FOUR PIECES,
ONE STORY

Individually branded ornaments in a custom four window box. The packaging is as much a part of the gift as what sits inside it.

P1017
SANTA HAT

A CLASSIC WITH A
POINT OF VIEW

Embroidered on the cuff and built for the moment your team, your crew, or audiences wants in on the joke.

A photograph of two lit white paraffin candles in brass holders. The candles are decorated with a repeating pattern of a stylized 'G' and a small star. To the right of the candles is a white box with a matching pattern, which is open and shows more candles inside. The scene is set on a wooden table with a white cloth and some greenery. The background is softly blurred, showing a warm, golden light.
